

## Information for Authors

### 1. Area and editorial principles

In principle the area to be covered by the journal is the history of exact sciences before A.D. 1600, although the limitation of time need not apply to Asian (including Arabic) science.

The main purpose of the journal is to make available original sources in the field. It has been a common practice that source materials in their original languages are not accepted in the current academic journals. Our priority lies in providing such materials, especially critical editions of unpublished texts as well as their translation into modern languages (preferably English) together with comments and notes.

We also accept studies based on original sources, published or unpublished, and their translations. Reviews of books containing original source materials are also welcome.

The papers submitted to the editorial board are judged by two referees. The referees are kept anonymous for 10 years after the final decision. Thereafter the names and the process of judgment can be publicized upon request.

Manuscripts should be submitted to SCIAMVS with the understanding that upon publication copyright will be transferred to the Editorial Board of SCIAMVS. That understanding precludes SCIAMVS from considering material that has been submitted or accepted for publication elsewhere.

### 2. Frequency and physical form of the journal

One volume will be published every year, each containing some 200 to 300 pages in A4 (297\*210mm) format. In the case of an original source material, it is desirable to include an English translation.

Since we send camera ready sheets to the printing company, the most convenient way of preparing a draft is to use the typesetting software  $\text{\LaTeX}$ , for which we can provide convenient style files. In the case of original sources which needs non-roman fonts, we do not stick to  $\text{\LaTeX}$  and we are willing to accept any output if it meets our basic formatting principles.

Authors will receive one free copy of the issue in which the article appears. Off-prints are available on demand. Contact SCIAMVS for prices.

### 3. Address

All the correspondence should be sent to the Managing Editor:

Ken SAITO  
Department of Human Sciences  
College of Integrated Arts and Sciences  
Osaka Prefecture University  
599-8531 Sakai (Osaka), Japan  
e-mail: sciamvs@sciamvs.org
